## Economics Minor

Meet the Faculty

The required core curriculum provides economics majors with a foundation to pursue either economic theory or applied economics. Students must take core courses in the College of Liberal Arts Program at Rollins, although transfer students may transfer core equivalents at time of enrollment.

Potential majors and minors should take a **100-level** course in the first year. Some **100-level** courses fulfill requirements only if taken prior to ECO 202.

Since most economics courses have prerequisites, students should contact a member of the Department of Economics for academic advice in the first year to plan their course of study.

## Minor Requirements
