Blackboard is an online interactive learning tool for conducting courses on the World Wide Web. It enhances traditional teaching methods by integrating course materials and modern communication tools. Access Blackboard by going to blackboard.rollins.edu.

A few of the many tools provided by Blackboard are:

- Discussion Forums
- Group Collaboration
- Tests and Surveys
- Document Exchange
- Blogs, Journals, Wikis
- Modular Course Organization

Conducting or participating in a Blackboard course requires a computer with Internet Explorer/Netscape Navigator 4.0 or higher (standard on all school computers). You access Blackboard by going to blackboard.rollins.edu.
